Despatched

Received Recd 1300.

No. D. 0298. of Nov 27th.

Following for 7404.

Headquarters telegram 425 para D.

- A. The boys often code place names by taking first and last letters and reversing them.
- B. Thus YS means SAEBY and AAG means GRENAA and so on.
- C. Incidentally Danish and Swedish fishing boat registration numbers are preceded by two letters which are first and last letters of port of registry, but not reversed of course.
